

# Personal Commitment Contract

## Student Civility Program

I, the undersigned, pledge to commit myself to completing the Student Civility Program workshop series. In doing so, I recognize the following:

- 1) Uncivil behavior negatively impacts myself, others, and the greater community. Incivility has no place on The Ohio State University campus. As a SCP workshop participant, I will take personal responsibility for my actions and promote community safety on campus moving forward.
- 2) I will behave in a civil manner with my family, friends, peers, and strangers alike. I will not engage in any bullying, harassment, or coercive behaviors towards others. I will use the SCP workshop to improve myself both as an individual, and a member of the Ohio State community.
- 3) I will uphold the ground rules of the SCP workshop. I understand that my failure to do so may result in my inability to complete the workshop, and (if applicable) fulfill the requirements of my misconduct sanction(s). The SCP Ground Rules are as follows:

**Punctuality:**

-Arrive on time for each SCP workshop series. Arriving late is a sign of disrespect.

**No Disturbances:**

-Turn off all electronic devices during the SCP workshop (e.g., cell phones and laptops).

**Respect:**

- Respect the diverse opinions and thoughts of others. Be open to new ideas.
- Provide constructive criticism if you disagree with something that was said.
- Refrain from the use of hurtful, insensitive, derogatory, or inflammatory language.
- Honor confidentiality: What is said during the SCP workshop, stays with its participants.

**Participation:**

- Contribute to the conversation; your input is valuable and necessary for discussion.
- Allow others the time to speak by being quiet and listening when others are sharing.

**Assignments:**

- Complete all assignments in a timely manner and with concerted effort.
- Ask questions if you are unsure or unclear about the assignments.
- Give honest feedback about your feelings and thoughts on the assignments.
